

# Study Skills Rules

The purpose of the Study Skills class is to help you **be successful** in your other classes. We will work on completing homework, studying for tests, completing projects, and preparing for the STAAR tests.

Study Skills can be a **great help** to completing assignments. However, you will only be successful if you are willing to work and put effort into it. Study Skills is not a time to do nothing.

Study Skills students are expected to do the following:

1. Bring your homework to class, including books, notebooks, worksheets, etc...
2. Tell us about any tests/projects you have, so that we can put it on the classroom calendar.
3. If you do not have any homework, bring your AR book for reading. If you do not, you will be assigned STAAR practice tests or required to read an AR book from our shelf.
4. Come with an **attitude to work!**

I agree to the rules of the Study Skills class.
