HU --Haskell University

HU is an after school program offered to secondary students (6-12) in the High School Library. It's a great place for students to go to get help from a certified teacher on homework or simply a quiet place to do school work. HU is being offered 4 nights a week in the Fall semester, and three nights a week in the Spring semester from 4:00-7:00 p.m. HU will begin the third week of school, and will continue throughout the school year.
